

Summerland Curling Club Newsletter Fall 2005

I know it's hard to believe that the summer is almost over and that the curling season isn't that far away. I hope that you all had an enjoyable summer and am looking forward to seeing you back for the 2005/2006 season.

Our registration and social night is set for Thursday September 22, 2005 and will run from 6:00 pm until 9:pm. at the Curling Club Lounge. In order for your club to continue to be viable it is essential that we attract as many new members as is possible. Registration night is one the best times for all of us to bring out our friends and acquaintances and introduce them to our fellow members and hopefully have them join our club and ultimately enjoy the game of curling as much as we do. Light refreshments will be served and the bar will be open.

Ken has arranged for us to host an Intermediate Clinic on October 29th and will be contacting those of you who signed up last year. If anybody else is interested in attending you can give Ken a call at 494-9848 or put your name down on the sign up sheet that will be available on registration night.

Our annual general meeting is scheduled for October 6, 2005 at 7:00 p.m. In addition to the usual circulation of the financial statements etc. there will be a number of changes to the bylaws which will be presented. The changes to the bylaws are basically housekeeping matters which the executive are recommending that you accept.

In order for our club to meet our financial commitments when they are due it is important that our members pay their dues and locker fees in a timely fashion. Your cooperation in this regard would be appreciated.

John Gregg will be maintaining our web site again this year and if anybody thinks that may have something of interest to be posted let him know. John has an email link on our website (summerlandcurling.org).

Continued.

At present we do not have a female club zone representative. If anybody is interested in taking on this position please give me a call at 494-8225. If last year is any indication there is not a great deal of time involvement.

I wish you all Good Curling during the upcoming season and encourage members to let me know if there is anything that you think can be done to improve our club for the benefit of ourselves and future curlers.

Ray Skoreyko
Chairman Executive Committee
